NOTICE OF INELIGIBILITY FOR PRE-FLIGHT CLEARANCE

You, GRANT CAMERON have not clearly established your eligibility to travel to the United States through pre-flight inspection procedures. Specifically, the following section(s) of the U.S. Immigration and Nationality Act appear(s) to be the basis of your ineligibility:

September 8, 2005 **Winnipeg, Manitoba, Canada** - Last weekend I was in Los Angeles for the National UFO Conference (NUFOC) to speak about "UFO Crash Retrievals and the American Government's Policy of Denial in the Interest of National Security." One of my colleagues from Canada, Grant Cameron, was going to speak at the conference about the "64 Reasons Why The U. S. Government Can't Tell the Truth About UFOs." [See **Earthfiles 12-21-04**

] Grant's research the past few years has been physically traveling in the United States to American National Archives and Presidential libraries looking for time and date links between White House meetings and alleged UFO crash retrieval events. Grant's work has strongly contributed to the emerging Big Picture of American presidents as far back as Franklin Delano Roosevelt having knowledge about UFO crash retrievals and cover-ups.

Grant was scheduled to speak on Sunday afternoon, September 4, at the NUFOC conference, but instead there was a public announcement that his phone had been disconnected, his e-mail

was not working and that no one had heard from him. Given that Grant Cameron is a well grounded man who is the building facility manager at the University of Manitoba in Winnipeg, Canada, and reporter and producer of the popular website, www.presidentialufo.com, we were all alarmed. I tried Grant's cell phone number and only heard a rapid beeping.

Finally after returning to Albuquerque from the NUFOC conference, I was able to hear Grant's firsthand account of what appears to be American Homeland Security's premeditated and deliberate block on Friday morning, September 2, 2005, at the Vancouver International Airport. Grant Cameron was not allowed to enter the United States. He had been pulled aside by one customs checker and then sent into the offices of three U. S. Homeland Security agents. There was no courtesy from the man in front of Grant, only arrogance.

Interview:

Grant Cameron, a building facility manager at the University of Manitoba; reporter and producer of www.presidentialufo.com, Manitoba, Winnipeg, Canada: "And he (Homeland Security agent) said, 'Well, you won't be going into the United States today. You don't have the proper work permit.'

I told him I had done this numerous times, had always showed appropriate paperwork. I said, "It's a simple, small honorarium for one speech and that's all I'm doing there. I've done this a number of times before."

At that point, he was very arrogant about the whole thing. He didn't say anything nice the whole time I talked to him. He then said, 'We won't be making that mistake again,' referring to the fact that I had done this a number of times before and had never had any problems with going through customs to do a speech in the United States.

THE IMPLICATION WAS THAT IF THEY WERE BLOCKING YOU FROM GETTING TO THE UNITED STATES FOR THE NUFOC CONFERENCE SEPTEMBER 2-4, THAT THEY WOULD BLOCK YOU ON FUTURE EFFORTS TO SPEAK AT CONFERENCES HERE.

Yes, it seemed to indicate there was a new ruling in place and that whatever had happened in the past would not be happening again.

At that point, he said, 'Go sit outside the office and I'll call you back.'

So, I sat outside and could see him laughing and talking to people around him. He came back in and he just pushed this paper to me which had the details of what was going to happen and basically said again, 'You're not going to be allowed into the United States. And don't bring up the honorarium. You are not a professor and these aren't professors you are speaking before. So don't even say that. You're not going anywhere today. You've been rejected from entering the United States.'

He pushed the paper towards me and started talking to someone beside me and totally ignored me. I waited for a couple of seconds and then asked, 'What do I do now?'

At that point, he said, 'I really don't care what you do. You can go back from where you came from. I don't care what you do now.'

So, I was left with no alternative but to grab the paper that had Homeland Security on the top, U. S. border. I took the paper and walked out of the office and had no idea where to go next, what to do."
