Steve Bassett, the only UFO lobbyist, has issued the following message;

"Disclosure Petition II - the Rockefeller Initiative" will be submitted to the White House "We the People" project on February 23 accompanied by a considerable amount of media and web promotion. PRG executive director, Stephen Bassett, will appear on Coast to Coast AM with George Noory that evening to explain the importance of this petition and call for the 25,000 signatures in 30 days (by March 22) required to receive a White House response.

In 2001 I recovered over 1,000 pages of documents detailing the Rockefeller Initiative. They are on this website at
