Grant Cameron will appear on the Jerry Phippen radio show Monday October 29, 2012 starting at 7:00pm Eastern.

The main part of the discussion will deal with President Dwight Eisenhower and his many reported encounters with extraterrestrials. This comes after [Gordon Duff](#), the Editor of [Veterans Today](#) appeared on Coast to Coast AM with George Noory to talk about reading a document in August 1977 that described an encounter between Eisenhower and hostile aliens that occurred in 1953.
