I am pleased to announce that I will be taking part in a unique Canadian tour event that will take place in the spring of 2014.

The Modern Knowledge Tour 2014 will travel from Halifax to Vancouver between May 24th and June 15th, 2014.

Each of the 11 city stops will host an array of researchers, speakers and experts in their respective fields that will deliver a unique experience for all those who attend.

I personally will be speaking on the tour in Winnipeg on June 8th, 2014 at the skyline Ballroom at the Marlborough Hotel.

Details about this Winnipeg Modern Knowledge Tour event can be found at: [MKT2014 - Winnipeg](#)

At this Winnipeg Tour Stop I will be delivering a lecture on UFOs – The State of the Union which will look address what represents the strongest evidence for the idea that UFOs represent some non-human intelligence that is here on Earth. This will include recent photos and videos, a report of a huge flap of UFO sightings that occurred in Manitoba and inside nuclear weapon storage areas along the Canadian-United States border in 1975, the inside story on the early Canadian government flying saucer investigation, and what the President of the United States and high level intelligence officials know.

Following the 3 speaker daytime lectures, I will be delivering an intimate workshop for a small group of people on the topic of An Impending Alien Disclosure? , which will focus an impending disclosure by non – human intelligence's and their presence here now on planet Earth. This is a workshop that you may not totally agree with. I can assure you however you will never see UFOs the same way again.

Tickets are on sale now for the tour, including my Winnipeg lecture and workshop.

You can find out all the cool details about the Modern Knowledge Tour by visiting the website at

I look forward to meeting you and hope you can make it out to this history-making, cross Canada venture all in the name of truth and knowledge.

The tour website will also offer a platform for people who can not attend the tour in person to have access to exclusive content via video feeds and exclusive interviews before, during, and after the tour!

Many thanks! Hope to see you on the tour!
